NEW GENERATION NEUROENDOSCOPY CLINICAL OBSERVER COURSE

DATES 2016, ZURICH
10.02. - 11.02. / 07.07. - 08.07. / 08.12. - 09.12.

under the auspices of the WFNS

ENDOMIN NEW GENERATION NEUROENDOSCOPY CLINICAL OBSERVER COURSE

The ENDOMIN College team is pleased to announce this new generation observer course on endoscopic and minimally invasive neurosurgery which is dedicated to neurosurgeons with valuable basic neuroendoscopic experience.

Practically oriented lectures, extensive case discussions and numerous interesting live surgeries provide valuable knowledge and important tips and tricks to improve neuroendoscopic skills and give instructions for avoiding surgical complications.

This exciting new training course is dedicated to you, the new generation of endoscopic and minimally invasive neurosurgeons.

We are looking forward to welcoming you in Switzerland's charming metropolis Zurich and in the heart of Germany's Black Forest Tuttlingen.

COURSE DIRECTORS

Nikolai J. Hopf, MD, PhD
Neurosurgeon
Stuttgart/Germany

Robert Reisch, MD, PhD
Neurosurgeon
Zurich/Switzerland

ORGANIZATION

Bianca Weimert
COO ENDOMIN-College GmbH
Stuttgart/Germany

VENUE

Klinik Hirslanden
Witellikerstr. 40,
8032 Zurich/Switzerland

KARL STORZ GmbH & Co. KG
Mittelstr. 8, 78532 Tuttlingen/Germany

COURSE OBJECTIVES & HIGHLIGHTS

- hear practically oriented lectures on modern minimally invasive neurosurgery
- contribute to extensive case discussions by bringing your own cases
- participate in a step by step planning of complex procedures
- watch various interesting live surgeries directly in the operating theater
- learn practical tips and tricks to avoid complications
- understand how to introduce neuroendoscopy in your particular practice
- experience a new full HD camera platform during dissections
- benefit from the experience of the course directors in teaching 500 participants
- enjoy an intensive exchange with the faculty and other participants
- optional: one-day visit of the Karl Storz company in Tuttlingen, providing interesting insights of the head quarter, endoscope factory and integrated operating theaters of the future

COURSE FEE

- Course fee **300 €** (incl. VAT)
the course fee includes the course, course dinner, coffee breaks and lunch during course, hand-out
- Accompanying person **80 €** (course dinner)
